

Hi. This is Mayor Mike Cahill calling to update you in the wake of our most recent winter storm. Our Department of Public Services continues working hard to clear sidewalks, plow and salt roads, and remove as much snow as possible in order to restore parking, improve sight lines, and widen roads throughout the city. **The parking ban is now lifted; however, many streets cannot accommodate parking on both sides. Please be reminded that if your street is too narrow and you park in such a way as to impede emergency vehicles, you will be towed.**

Tomorrow – Wednesday – schools will reopen and we expect MBTA commuter rail service to resume. This means your friends, neighbors, and family members will be walking to and from the trains and the schools. I ask you all to please leave home earlier and allow more time to get where you need to go. We will all need to be even more attentive than usual to safety in the coming days. Ensuring that everyone gets safely to and from school and work is the most important thing we can accomplish together right now.

The Beverly Police Department will provide additional patrol units morning and afternoon to assist in this effort. Again, please be extra careful as you move around Beverly this week. As a community, we are managing and thriving during this stormy winter. Thank you – you have been great.

This is Mayor Mike Cahill. Please stay safe and be well as we continue our journey through this now historic winter.
